VOICE:PATH:WALK a dance for camera short film produced by Denise Horsley and Hermanto Djonny. The whole project was shot on the location of the All Saint's Church in Leamington Spa and is inspired by the Adam and Eve story and the Christian influence on modern day life choices and temptations. They are currently working on a project to be shown on the day entitled *Beautifully Engineered* focusing on the body and choreography of the muscle.

Djonny will also be screening his other works, *My Best Pal* (a short documentary that deals with life after loss), *Fade to Grey* (a music video), and *The Ascension* (a short film composed from still images). Both Denise and Djonny will be present to answer any questions.
